

GBR Camp Box Responsibilities

Two Boxes that travel

Two Boxes that I store and keep at home to replenish from

\$250 budget per-season

Store - I store the camp boxes at my home. I find it easier to keep clean and restock

Restock - Before each regatta I restock the supplies we need for the next regatta

Clean - When I get boxes home from a regatta I clean them out and wash dirty items

Transport to and from regattas - I transport them to the regattas and bring them home. If I'm unable to attend or transport I find someone else to take them.

Dropping off and Pickup - At most regattas it easy to pull up at our sight to unload and come back to load. There always seems to be someone willing to help carry.

Purchasing Supplies - GBR has an annual budget to purchase supplies. I submit my receipts and get reimbursed.
